---

## PROFILE SUMMARY

Experienced Software Developer skilled in Angular 16+, RxJS, and Tailwind CSS. Proficient in integrating Google APIs, including Maps and Business Reviews. Strong in state management with NgRx and collaborative development using Git and Azure DevOps. Focused on building clean, scalable, and user-friendly web applications.

---

## TECHNICAL KNOWLEDGE

- **Languages:** Java, HTML, CSS, Typescript, Javascript, SQL
- **Frameworks & Libraries:** Angular 16+, RxJS, NgRx, Lodash, AG Grid, Spring Boot, Hibernate, Bootstrap, Tailwind CSS, JSP, Servlet, JDBC
- **Technologies:** JDBC, JSP, Servlet
- **Database:** MySQL, Firebases
- **Tools:** Redux, Azure DevOps, Docker, Postman, Git, GitHub

---

## EXPERIENCE

- **Rectitude Consulting Services (Software Developer)**

**Experience:** Working as an Angular Developer focused on building UI modules like Project Management, Timesheet, Attendance, Initial Payment Gateway, Initial Business Intelligence, etc. Delivered seamless API integrations and efficient data binding using **RxJS** and **NgRx**, ensuring dynamic and responsive user interfaces.

Proficient in using **Azure DevOps (ADO)** for creating pull requests, managing backmerges, resolving merge conflicts, and configuring **CI/CD** pipelines for automated deployment.

Worked on **Google API integrations**, including **Google Business API**, **Places API**, and **JavaScript Maps API**, **Geocoding API** to fetch Google reviews and display interactive maps within the application.

Leveraged tools like **Redux DevTools**, **Flowbite**, **Tailwind CSS**, **FontAwesome**, **Gemini**, **ChatGPT**, and **Claude** to enhance UI performance, maintain design consistency, and streamline the overall development workflow.

- **The Kiran Academy (Java Full Stack Developer Intern)**

**Experience:** Proficient in Microservices architecture, I leverage frameworks such as Spring, Spring Boot, and Angular. My expertise includes designing and implementing RESTful APIs, which facilitate seamless and secure communication between client and server systems. This experience allows me to build robust, high-performance applications that meet modern software development standards and client requirements.

## EDUCATION

- **Bachelor of Computer Applications** | Makhanlal Chaturvedi National University, Bhopal | 2023
  - **Higher Secondary Education** | Sunflower Higher Secondary School, Sausar | 2020
  - **High School Education** | Ange I Public School, Ramakona | 2018
- 

## ACADEMIC PROJECTS

- **EMS(Employee Management System)**

**Description :** EMS is a web app combining Angular frontend, Spring Boot backend, and Hibernate SQL for efficient employee management. It simplifies tasks like record-keeping, attendance tracking, and task assignment, fostering productivity and communication.

- **Key skills :** Angular, Bootstrap, Spring, Spring Boot, Hibernate, MySQL.

- **Quick-Note Web Application**

**Description :** I created a Quick-Note Web Application where I used technologies like Spring Boot, Data JPA, Spring Security, Angular, Bootstrap, and SQL. This tech stack enabled efficient development, robust data management, secure access, dynamic front-end interfaces, and reliable database interactions.

- **Key skills :** Spring & Spring Boot, Data JPA, Angular, Bootstrap, SQL,
- 

## CERTIFICATIONS AND COURSES

- **Java Full Stack Developer** | The Kiran Academy | 2024
  - **TCS ION Career Edge - Young Professional** | TCS | Jan 2023
  - **Soft Skill** | TCS | Feb 2023
  - **Java Programming** | Great Learning | Aug 2023
- 

## DECLARATION

I hereby declare that the details mentioned above in my resume are correct to the based on my knowledge and belief. I will take the responsibility of any error or mistake in the data if occur in future.
